boxhillindoorsports.com.au

Our Cricket program derives some of the principles and philosophies of the Cricket Australia coaching accreditation program. Children are provided with the skills and knowledge in an attempt to aid their development and improvement. The curriculum is taught in a confined space of an Indoor Cricket court which allows for continuous involvement in drills and a sharper skill set for both the indoor and outdoor game. This program is ideal for newcomers to the game, but also provides an excellent opportunity for aspiring players to improve their skills during the off season.

\$180 for 10 week program payable prior to first session (or \$18/week casual attendance)

\*\*Additional \$20 nomination fee for casual attendees\*\*
