Our Soccer program follows the coaching curriculum of the **Concept4Football** technical program. The program has been devised by **Gwynne Berry** - former player with Crystal Palace FC and Academy Technical Coach at English Premier League Club West Ham United. Gwynne has over 20 years of experience as a professional football coach, and has now set up Concept4Football training centres all around the world. The Curriculum has been devised to aid the technical improvement in Elite Players, but is now being delivered to grassroots as well.

Our Cricket program derives some of the principles and philosophies of the **Cricket Australia** coaching accreditation program. Children are provided with the skills and knowledge in an attempt to aid their development and improvement. The curriculum is taught in a confined space of an Indoor Cricket court which allows for continuous involvement in drills and a sharper skill set for both the indoor and outdoor game. This program is ideal for newcomers to the game, but also provides an excellent opportunity for aspiring players to improve their skills during the off season.

Our Netball program delivers a curriculum for 5-12 year olds similar to Netball Australia's **NetSetGo** program. We aim to give children a positive initial experience of the game, and enable them to build confidence so that they can become long term participants. We use modified equipment such as smaller balls and lower netball rings to make the initial experience somewhat easier for the kids. Our coaches also have a playing and umpiring background which gives them a better understanding of the game and its rules.

# ACTION KIDZ REGISTRATION

For HALF PROGRAM (\$170) select one term, for FULL PROGRAM (\$290) select two consecutive terms:

☐

TERM 1

☐

TERM 2

☐

TERM 3

☐
